Education

B.E. - Computer Science & Engineering   2021 - 2024
NBN Sinhgad School Of Engineering, Pune   CGPA: 8.77 / 10.00

Diploma   2018 - 2021
Government Polytechnic Pune, Pune   Percentage: 93.27 / 100.00

Key Expertise

Java, Python, Django, Javascript, ReactJS, NodeJS, Express.js, MongoDB, MySQL, Git, Docker

Work Experience

Backend Developer   **20 Jul 2023 - Present**
Ridecell, Pune, Maharashtra

- Collaborated within a team to manage the vehicle fleet through lifecycle asset management.
- Contributed to ongoing development of vehicle rental and carsharing platforms using Django framework.

Backend Developer   **21 Feb 2023 - 20 Jul 2023**
Atomic Loops, Pune, Maharashtra

- Developed and maintained robust and scalable backend solutions using Django and Django REST Framework (DRF).
- Collaborated with the team to implement software flows and architectural designs.
- Created comprehensive API documentation for clear understanding and seamless integration with frontend systems.

Penetration Tester   **14 Jun 2020 - 10 Sep 2020**
Hack-X Security, Pune, Maharashtra

- Conducted thorough security assessments as a Penetration Tester for diverse client projects.
- Identified vulnerabilities and weaknesses in systems, networks, and applications through rigorous testing and analysis.
- Generated detailed and well-structured reports outlining the identified vulnerabilities and recommended remediation measures.

Projects

EliteStay   **NodeJS, ReactJS, Express.js, MongoDB**
github.com/abhiimali/eLiteStay

- Developed a hotel booking application using the MERN (MongoDB, Express.js, React.js, Node.js) stack.
- Provided users with a seamless hotel search and booking experience with a wide selection of hotels from various destinations.
- Utilized Docker for efficient deployment and scalability of the EliteStay application.

FitMe App   **Java**
github.com/abhiimali/fitme

- Created a Java desktop application using Java and Swing to track and manage health-related information.

Typing Master   **HTML5, CSS, Javascript, ReactJS**
typinggmaster.netlify.app

- A state-of-the-art platform for typing competitions.

Publications/Research

Cloud Security With AWS   **05 Nov 2022**
IRJMETS

- Presented a comprehensive analysis of cloud security measures within the Amazon Web Services (AWS) ecosystem.
- Highlighted the effectiveness of various security features implemented in AWS.

Extra Curricular Activities

- GDSC Cyber Security Lead NBNSSOE year 2022-23
- Top 1000 Bug Hunters Of BugCrowd
- Solved More Than 400+ DS&A Problems On LeetCode
